ABOUT BHCHP

Founded in 1985, Boston Health Care for the Homeless Program (BHCHP) is dedicated to a singular, powerful mission to provide or assure access to the highest quality health care for all individuals and families experiencing homelessness in our community. What began with four clinicians in a handful of locations has evolved into one of the largest, most comprehensive health care for the homeless programs in the country, with over 500 staff members providing care to more than 11,000 patients in over 30+ locations each year.

EVENT OVERVIEW

The 11th Annual Fall Soirée celebrates the next generation of changemakers and their impact on the lives of Boston's most vulnerable residents. This inspiring evening brings together young professionals, community leaders, corporate partners, and friends of BHCHP who share a commitment to creating a healthier Boston, through access, for people experiencing homelessness.

Throughout the evening, Boston Health Care for the Homeless Program (BHCHP) will pay tribute to the extraordinary contributions of companies and individuals whose leadership, generosity, and dedication are transforming the lives of our patients and advancing our mission. Together, guests will celebrate the power of community, philanthropy, and partnership while raising critical funds to ensure that everyone has access to compassionate, high-quality health care.
